Research Committee

- Committed to developing the world's first ever International Sandtray Therapy Journal.
- Through this journal, sandtray therapists worldwide will have a place to read and learn about the latest brain-informed methods and best practices as evidenced by the latest research

Public Relations Committee

- Trainings are geared to members needs and led by other members of the association. IAST values all its members and their voices. There is not a top-down approach, nor a big-kids-table agenda. IAST is created by its members, for its members.

501c3 Non-Profit Organization

- So that we may utilize our funds to provide grants, trainings, and educational opportunities for all of our members

Our goal is to **"change the world, one sandtray at a time"**. The only way to do that is to grow our sandtray movement. That begins (and ends) with our members. The International Association for Sandtray Therapy is nothing, and can be nothing, without you. Everything that we do is to promote the use of sandtray therapy, increase knowledge and practice skills of providers, and ensure that our clients are receiving the absolute best that the sandtray community can provide.
